*Small actions
=
Big impact*

More than **2.6** billion people (over **40%** of the world's population) lack basic hygiene facilities and more than a billion still have no access to clean water. Each year diarrhoea is responsible for the deaths of more than **1.8** million people (with the majority being children under 5) and leaves millions of others with permanently reduced immunity to disease.

Our active members have practical experience of delivering successful projects, on the ground in some of the poorest countries in the world.

To ensure their efforts have maximum impact, members participate at their own cost, and have already worked with other organisations, in countries such as: Colombia, Cambodia, India and Rwanda, as well as many other parts of the globe where children are at risk.

Donations = concrete results

Give Children a Future is a charitable organisation created to help provide development aid and in particular aid for needy children anywhere in the world.

With your help, many small actions can be combined to have a huge impact on the future lives of vulnerable children.

These children will have a chance to escape the hardship of working in the fields, as well as avoiding becoming street children, suffering frequent abuse and the ever present risk of prostitution.

Despite the constant challenge of limited resources, our members have helped deliver a range of projects aimed at improving the lives of vulnerable children which have included:

- building and renovating schools,
- renovating orphanages,
- building a dormitory for children with no shelter,
- building sanitary installations,
- donating fishing nets to fishermen who lack the resources to buy their own,
- sinking numerous wells for families and children with no access to clean water.

The future for numerous children could now be changed for ever thanks to access to clean water, sufficient food, adequate shelter, proper sanitation, home for orphans, access to education and certain tools to enable parents to provide food for their families.

Every action counts.

Your generosity can build a brighter future for the world's needy children.
